TO: Detective Lieutenant Alan D. Hunte #1220, Unit Commander
State Police Detective Unit - Worcester County

FROM: Trooper James J. Foley, #2739
State Police Detective Unit - Worcester County

SUBJECT: Death Investigation of Aaron J. Hernandez DOB: 11/06/1989 at the Souza-Baranowski
Correctional Center in Lancaster, MA on April 19, 2017

1. On Wednesday, April 19, 2017 at approximately 0415 hrs, the undersigned was advised by the CHQ Duty Office, that the Massachusetts Department of Corrections was reporting the unattended death of a 27 year old Hispanic male, HERNANDEZ, Aaron, in cell #57 of the general housing unit-G2 at the Souza-Baranowski Correctional Center. The undersigned was further advised that HERNANDEZ was transported to the UMASS Health Alliance Hospital in Leominster, where HERNANDEZ was pronounced deceased.
2. The undersigned responded along with Lieutenant Danial Wildgrube and Tpr Kristin Glanton of CSSS to the UMASS Health Alliance Hospital in Leominster. Upon arrival the undersigned spoke with Sergeant Todd Smith of the Massachusetts Department of Corrections Office of Investigative Services.

5. Representatives of the Office of the Chief Medical Examiner arrived on scene and took custody of HERNANDEZ's body at approximately 0630 hrs. HERNANDEZ's body was transported to the OCME office in Boston.

6. Lieutenant Wildgrube, Tpr Glanton and the undersigned responded to Souza-Baranowski Correctional Center on April 19, 2017. Sgt Smith advised the undersigned that HERNANDEZ had been locked in his single inmate cell around 1959 hrs. HERNANDEZ remained in the cell until 0303 hrs when HERNANDEZ was discovered hanged. Sergeant Smith and Sergeant Michael Rumery, the Inner Perimeter Security Commander advised the undersigned that there was video surveillance of the G2 cell block from the time HERNANDEZ entered the cell until the time he was transported by Woods Ambulance. According to Sgt Rumery no one entered the cell until Correction Officer Breau entered to render aid.

7. Lieutenant Wildgrube, Tpr Glanton and the undersigned observed the cardboard stuffed into the door tracks prior to entering the cell. On the wall in the cell were several drawings and "John 3:16" written in a substance consistent with blood. Under the drawings was a Bible open to John 3:16, with the 16th verse marked in blood. Next to the Bible were 3 hand written notes [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED] The undersigned took custody of the notes.

8. Under the bed was a piece of bed sheet that had been cut and that had been around HERNANDEZ's neck. Tied on the bars on the window was the other piece of the bed sheet. Lieutenant Wildgrube cut the sheet from the window and placed it into evidence. There were no signs of a struggle in the cell. Tpr Glanton photographically documented the scene.

9. Lieutenant Wildgrube and the undersigned spoke with Correction Officer Breau on April 19, 2017. Correction Officer Breau advised that he was working the 2300-0700 shift and was assigned to the G2 housing unit. Correction Officer Breau last saw HERNANDEZ around 0100 hrs during the 0100 check. According to Correction Officer Breau around 0303 hrs, he observed a sheet hanged in front of HERNANDEZ's cell door. Correction Officer Breau asked HERNANDEZ to remove the sheet or sound off. As Correction Officer Breau poked at a piece of the sheet that was hanging out of the door, the sheet fell and CO Breau observed HERNANDEZ hanged naked from the window. Correction Officer Breau immediately called a code "99" and once the door opened, Correction Officer Breau and other Correction Officers attempted to lift HERNANDEZ up to relieve pressure. As HERNANDEZ was cut down, Correction Officer Breau began performing chest compressions and swapped out with other Correction Officers until HERNANDEZ was removed from the unit.

10. Sgt Rumery and Sgt Smith provided the undersigned with copies of the video surveillance, logs and reports in reference to HERNANDEZ's death. All other items deemed to have no evidentiary value were left in the custody of the Department of Corrections. Over the course of the investigation the undersigned reviewed surveillance video of the G2 housing unit and phone logs and calls of HERNANDEZ on April 18-19, 2017. The surveillance video shows that HERNANDEZ was on the phone just prior to being locked in his cell. HERNANDEZ enters his cell alone at approximately 1959 hrs and the cell door is locked until 0307 hrs when the door is opened for the code "99". The undersigned also listened to last 5 phone calls HERNANDEZ made on April 18, 2017. HERNANDEZ does not make any apparent indication of an intent to harm himself during any of the phone calls.

11. On Wednesday April 19, 2017, Doctor Henry Nields of the OCME performed an autopsy of HERNANDEZ. Dr. Nields determined the cause of death to be asphyxia by hanging. The manner of death was ruled by Dr. Nields as a suicide. A postmortem toxicology of HERNANDEZ's blood came back negative for all substances tested to include synthetic cannabinoids.

12. On April 24, 2017 the undersigned responded to the Department of Corrections Office of Investigative Services in Milford, MA. The undersigned took custody of a copy of a letter found in HERNANDEZ's property, as well as, copies of several known writing samples of HERNANDEZ.

13. On April 24, 2017 at approximately 1400 hrs, the undersigned delivered copies of the letters found in HERNANDEZ's cell and the known writing samples provided by the Department of Corrections to McCann Associates, Inc. in Boston. All copies of letters and writing samples were turned over to Nancy McCann for review.

14. On May 3, 2017 the undersigned received a copy of McCann Associates, Inc. Preliminary Questioned Document Report. The report was prepared by Nancy McCann and determined with a "reasonable degree of certainty" that the letters found in Hernandez's cell and properties were written by HERNANDEZ.

15. Based upon the findings of the Office of the Chief Medical Examiner and the investigation by the undersigned, the undersigned respectfully requests this case be closed unless new information is uncovered that would warrant the case being re-opened.

Respectfully Submitted;

Trooper James J. Foley, #2739

Massachusetts State Police

State Police Detective Unit- Worcester County
