

CASE SUMMARY

Victim-Homicide: Steve L. McNair

Homicide Suspect/Suicide Victim: Sahel Kazemi

Complaint Number: 2009-527875

On July 4, 2009, at 1:35 p.m., a 911 call was placed to the Emergency Communications Center in regard to two apparently deceased persons inside an apartment/condo at 105 Lea Avenue in Nashville/Davidson County. The telephone call was made by Robert Gaddy. The Computer Aided Dispatch System shows that the first officer checked on the scene at 1:39 p.m. As a result of the initial contact with Mr. Gaddy, and a check of the crime scene by those officers who arrived first, it was confirmed that one of the victims who had been fatally shot was former Tennessee Titans quarterback Steve McNair. It was decided that the centralized Homicide/Cold Case Unit would lead the investigation. Detective Charles Robinson was designated as the lead investigator.

As the result of the totality of the evidence and interviews with numerous persons, it was determined that Mr. McNair was murdered by his female friend, Sahel Kazemi, with whom he had a dating relationship. Kazemi then committed suicide. No evidence has been developed to the contrary. However, should new information come to the attention of the police department in the future, the murder/suicide case itself, and this summary, may be amended as appropriate.

The following is a synopsis of crime scene observations and several pertinent interviews which, in combination with the evidence collected and crime laboratory testing, led to the murder-suicide case classification.

Crime Scene Observations

Both bodies were inside the living room. McNair was seated on the sofa and his body was leaning to the left side. Kazemi's body was on the floor near McNair's feet with her body between the sofa and ottoman. Rigor mortis was set on both bodies and lividity was consistent with the positions of each body. McNair had a gunshot wound (contact) to his right temple, and an exit gunshot wound to his right temple. McNair also had a gunshot wound (non-contact) to his left temple and two gunshot wounds to his chest that

both exited through his back. Kazemi had a contact gunshot wound to the right side of her head and an exit wound on the left side of her head. A nine-millimeter handgun (Bryco Arms-Jennings) was located underneath Kazemi's head during the processing of the crime scene. Two bullet holes were observed in the wall above the sofa (one of which was caused by an entry/exit shot to McNair's head, the other was caused by an entry/exit shot to Kazemi's head). One of the bullet holes in the wall had remnants of hair and blood. The two gunshot wounds to McNair's chest exited his back and into the sofa.

An analysis of the crime scene, including the gunshot wounds, bullet holes in the wall, blood, etc., leads to the conclusion that McNair was seated on the sofa and was likely asleep due to the lack of any defensive wounds or defensive posture (McNair's blood alcohol level was 0.15%, nearly double the standard for legal intoxication, a factor that could support drowsiness). The totality of the evidence leads to the conclusion that Kazemi shot McNair in the left side of his head (non-contact), shot him twice in the chest, and then put the gun to the right side of his head and shot him again (contact wound). It is concluded that Kazemi sat on the sofa to McNair's left in such a way that she would fall into McNair's lap upon committing suicide by shooting herself in the head. The blood stains show that Kazemi's upper body was in McNair's lap before she slid down his leg and into the floor. The gun, which was under Kazemi's head, was heavily contaminated by blood. There was an impression outline of the gun in the carpet, created by the pooling of blood, consistent with it falling and indicating that neither the gun nor Kazemi's body had been moved prior to the arrival of authorities.

A black Lincoln Navigator, registered to McNair, and a black Cadillac Escalade, registered to both McNair and Kazemi, were outside the condo.

The TBI crime laboratory concluded that all five recovered bullets came from the nine millimeter semi-automatic pistol recovered at the scene and that all five shell casings recovered from the condo were fired from that same weapon. Gunshot residue testing on Kazemi's hands was inconclusive due to blood contamination according to a verbal report from the TBI on July 8; however, the lab verbally reported on July 8 that trace elements indicative of gunshot residue were found on Kazemi's left hand. This supports a scenario of her firing the gun using both hands. No gunshot residue was found on McNair's hands.

Interview of Carless Wayne Neeley

Mr. Neeley advised that he and McNair had been friends since 1997. He said that approximately 3 to 5 years ago, McNair told him that he was looking for a place to “chill.” Neeley said he rented a condo for McNair located at 105 Lea Avenue, #4, from Charlie Cardwell. Neeley stated no lease agreement was ever presented and signed, but that McNair normally paid the rent each month or would reimburse him if he (Neeley) paid the rent. Neeley advised both he and McNair had keys to the condo. He does not know whether McNair had additional keys made for anyone else.

On July 4, 2009, at approximately 12:40 p.m., Neeley said he drove by the condo and saw McNair’s vehicle parked outside. Neeley said he had been trying to contact McNair about making an appearance at a Little League game. Neeley advised he stopped at the condo, knocked on the door, and got no response. He said he used his key to unlock the storm door and then put the key into the lock on the main door, but does not recall if it was locked. Neeley advised he entered the condo and observed a male subject on the sofa and a female subject on the floor in the living room. Neeley advised he thought they were both asleep and walked past them to the kitchen. Neeley advised he got a beer from the refrigerator and walked back toward the living room. He said he observed blood on the victims and noticed two spent shell casings on the floor. Neeley said he picked up a cartridge casing, then placed it back on the floor, and immediately exited the condo. Neeley said he did not recognize the male victim as Steve McNair. He said he got into his truck and attempted to call McNair’s cell phone (400-5612) but got no answer. Neeley said he left a message on McNair’s cell phone and also sent him text messages, which, records from McNair’s cell phone account reflect, read “call me urgent.” Neeley said he attempted to call McNair’s friend, Raymond, but got no answer and left a message. Neeley said he then called Robert Gaddy, who is a long time friend of McNair from college. Neeley said he told Gaddy that he found two people shot inside the condo. Neeley said Gaddy told him not to go back inside until he arrived.

Neeley said approximately 15 minutes later, Gaddy arrived and they both then entered the condo. Neeley said Gaddy exclaimed, “Oh my God, it’s Steve!” Neeley said they went back outside and that Gaddy called 911. Neeley said he then left the scene and telephoned General Sessions Judge

Casey Moreland. Neeley said Moreland essentially told him to go back to the scene immediately and tell the police everything.

Judge Casey Moreland

General Sessions Judge Casey Moreland stated that has been friends with Wayne Neeley for approximately 15 years. Moreland said Neeley telephoned him at 1:47 p.m. on July 4, sounded shaken, and said that he had just found someone shot in the condo. Neeley told Moreland that he was not sure who had been shot, but that it was a man and a woman. Neeley told Moreland that he had picked up a shell casing and then put it back down. Moreland asked Neeley if he was still on the scene. Neeley replied that he was on his way home. Moreland said he told Neeley to return to the scene, to call police, and to tell the police everything he did and touched. During the conversation, Neeley received a telephone call and told Moreland he would call him back. Neeley did so and told Moreland that the caller was Gaddy and that Gaddy also told him to return to the scene. Moreland said he again told Neeley to return to the scene and to tell the police everything. Moreland showed detectives his cell phone log, which reflected he received the first call from Neeley at 1:47 p.m. The call lasted 3 minutes 35 seconds (3:35). The second call was received at 1:51 p.m. and lasted 1 minute 51 seconds (1:51).

Robert Gaddy

Gaddy advised that he slept in on Saturday, July 4, and was still in bed when he received a telephone call (confirmed from phone records as being placed 12:51 p.m.) from Neeley. Gaddy said Neeley told him that he found someone shot inside the condo, but that he didn't recognize the person. Gaddy stated he drove to the condo and located Neeley, who was sitting inside his pickup truck near the dumpster. Gaddy stated that he and Neeley both entered the condo and he recognized the male as McNair. Gaddy said he then went outside and called 911 (at 1:35 p.m.).

July 2, 2009 DUI Arrest of Kazemi

During the early morning hours of July 2, Kazemi was stopped by Officer Shawn Taylor on Broadway and arrested for DUI. McNair and a friend, Vent Gordon (also known as Casper), were inside the vehicle with Kazemi when she was stopped. McNair and Gordon took a taxicab away from the

location of the traffic stop. McNair and Gordon later took a taxicab to Free at Last Bonding Company and arranged for Kazemi's release from jail.

Fowzi Said Ali

Ali is a driver for Yellow Cab Company. Ali said McNair, and McNair's friend, Doug Crowe, had his cell phone number and would call him whenever they needed a ride. Ali said late on the night of July 3, Crowe called him to come to the Blue Moon Lagoon night club to pick up McNair and him. Ali said that he arrived at Blue Moon Lagoon, 525 Basswood Avenue in West Nashville, and that McNair gave him the keys to his Navigator. Ali said he then drove McNair, Crowe, and Crowe's girlfriend in the Navigator to Loser's night club, 1911 Division Street. Ali said the three passengers got out, and that McNair told him he would be back in a minute. Ali said McNair was gone approximately 15 to 20 minutes before he returned to the vehicle. He asked Ali to drive to the condo on Lea Avenue. Ali said McNair made a telephone call while they were en route. Ali said when they arrived at the condo, he recognized Kazemi's Cadillac Escalade. Ali said he parked the Navigator behind the Escalade. Ali said McNair paid him \$140 and that he (Ali) called a taxi for transportation away from Lea Avenue. Ali said he and McNair arrived at the condo between 1:30 a.m. and 2 a.m. on July 4.

Keith Norfleet

Keith Norfleet is Kazemi's ex-boyfriend. He said that lately, Kazemi had begun calling him and sending him text messages concerning her relationship with McNair and her financial problems. Norfleet said Kazemi was having financial difficulties as the result of her roommate moving away and leaving her with rent payments (approximately \$1,000) she couldn't afford. Norfleet said another close friend of Kazemi failed to make payments on a Kia she (the friend) agreed to purchase from Kazemi and suddenly returned the vehicle. Norfleet said Kazemi had to make monthly payments of approximately \$800 on the Cadillac (which was financed through Old Hickory Credit Union). Norfleet said Kazemi told him she knew the truth about McNair and said that he (McNair) wasn't a good person and that he had been lying to her the whole time. Norfleet's time sheet from White Castle, 5805 Old Hickory Boulevard in Hermitage, showed that he worked on July 3, 2009, from 6 p.m. until 3:09 a.m. on July 4. His presence at the restaurant until 3:09 a.m. was verified by a co-worker.

After getting off work, Norfleet said he picked up a friend (Matthew Coleman) and the two of them drove to Norfleet's apartment where they watched television. Norfleet said both of them fell asleep in his living room. Norfleet said he later awoke and went upstairs to his bedroom. He said he got up for the day around noon on July 4. Coleman corroborates being picked up by Norfleet, going to Norfleet's apartment, and falling asleep in the living room. Coleman said he contacted another friend and was picked up at Norfleet's apartment around noon on July 4

Emily Andrews

Emily Andrews is Kazemi's former roommate who recently moved back to Pittsburgh, PA. Andrews, who formerly worked at Dave & Busters at Opry Mills with Kazemi, said Kazemi and McNair met in December 2008 at the restaurant. Andrews said McNair and Kazemi had been on trips together and had met each other's family. Andrews said Kazemi and McNair planned to get married once his divorce was final. Andrews said she later found out in June 2009, during a trip to Las Vegas, that Kazemi was having financial difficulties. Andrews said she and another friend paid Kazemi's expenses because Kazemi had only \$32. Andrews said Kazemi told her she was really worried and was receiving telephone calls from numerous bill collectors. Andrews said Kazemi also told her that she suspected McNair was seeing other women. Andrews said Kazemi told her that she (Kazemi) found a tampon in the bathroom wastebasket in the Lea Avenue condo, and on another occasion, saw a female leaving the condo.

Tony Farahani

Tony Farahani is the General Manager of Dave & Busters. He said Kazemi had worked there for approximately one year. Farahani said on the week of her death, Kazemi was not her usual self. Farahani said Kazemi came to him crying and said she was going through some tough times in her personal life and was having financial difficulties. Farahani said on Thursday, July 2, he recalled Kazemi spending an unusual amount of time (approximately one hour) talking to an unknown male black who was not eating or drinking (this individual was not Adrian Gilliam or Steve McNair). Farahani said he told Kazemi to end the conversation and to get back to work. Farahani said when Kazemi took her 30 minute break, she did not return to work for two hours. When she did return, he sent her home for the rest of her shift. A subsequent check of Dave & Busters time accounting showed that the events Farahani

spoke of occurred on Wednesday, July 1. Farahani acknowledged he was mistaken by one day.

Sonya New

Sonya New, Dave & Busters Shift Manager, said she noticed that something seemed to be bothering Kazemi on Friday, July 3. New said Kazemi was not her usual self and seemed down. New said she asked Kazemi if everything was alright, to which Kazemi replied, "My life has just turned to shit!" New said Kazemi told her about the DUI arrest. New said she was aware of Kazemi's living situation (roommate moving). New said she asked Kazemi about McNair's divorce and she (Kazemi) just rolled her eyes. New said at the end of their conversation, Kazemi said, "My life is just shit and I should end it!" New said business was slow that night (July 3) and Kazemi asked if she could leave early. Kazemi clocked out at 10:07 p.m. on July 3

Note: Kazemi's home computer, from her apartment at 3504 Crystal Springs Road (Cherry Creek Apartments) shows it was used to access the Internet from 10:55 p.m. until 10:58 p.m. on July 3.

Vera Buckner (Decatur, AL resident)

Buckner said she, her daughters and her boyfriend came to Nashville on June 24, 2009, and went to Dave & Busters for a meal. Buckner said Kazemi was their waitress. Buckner said her daughters took a photograph with Kazemi. Buckner said while her boyfriend and the kids were away from the table playing games, Kazemi confided in her about problems she was having in her relationship with McNair, including Kazemi's impression that McNair was not wanting to spend as much time with her.

Chris Wall

Wall provided security for McNair and his family. He said he was aware of the relationship McNair had with Kazemi. Wall said that lately McNair had slowed down seeing Kazemi and was becoming annoyed with their relationship. Wall said McNair told him she (Kazemi) would call when he was with Mechelle and the kids, and that he was getting tired of her doing so.

Adrian Gilliam & Handgun

During the course of the investigation, detectives interviewed several individuals regarding the nine millimeter pistol used in the shooting that was found under Kazemi's head. A firearms trace conducted by ATF in conjunction with the investigation revealed that the firearm was purchased on January 3, 2002, from Household Pawn #4 located at 6118 Charlotte Avenue in Nashville by an individual identified as MP. Detectives located and interviewed MP on July 5, 2009. MP advised detectives that he purchased the nine millimeter pistol and another firearm from the pawnshop in his name. He further advised, however, that a second individual, identified as DP, was with him at the time of the purchase and was the actual purchaser of the nine millimeter pistol.

Detectives subsequently located and interviewed DP on this same date. DP confirmed that he was the purchaser of the nine millimeter pistol from the pawnshop. He further advised detectives that he previously sold the pistol for approximately \$100 to Adrian Gilliam. Following the interview, DP put detectives in contact with Gilliam to arrange an interview.

Shortly thereafter, on the same date, detectives made contact with Gilliam at his residence in Laverne. Detectives explained to Gilliam the subject matter of the interview, and Gilliam was agreeable to speak with the detectives. Gilliam, in sum and substance, advised detectives that he purchased the nine millimeter pistol from DP for approximately \$100. Gilliam stated that he purchased the firearm for protection after his previous residence was burglarized. A check of Metropolitan Nashville Police Department records revealed that Gilliam filed a burglary report in January 2007. Gilliam further advised detectives that he sold the nine millimeter pistol to a white female a few days prior for approximately \$100. Gilliam stated that the sale took place outside of Dave and Busters at Opry Mills. Gilliam identified a photo of Kazemi as the person to whom he sold the pistol.

In a subsequent telephone interview of Gilliam later that night, Gilliam indicated to detectives that he sold the pistol to the female on July 2, 2009. However, in subsequent statements to detectives and agents, Gilliam has admitted that the sale took place on the evening of July 3, and that he had come to know Kazemi in the weeks immediately prior to the sale. A review of cell phone records and cell site information place Gilliam in the area of

Opry Mills Mall and in contact with Kazemi near the time Gilliam maintains the sale occurred.

*Additional detail regarding Gilliam is not provided in this summary at this time in light of, and to not interfere with, the criminal matter now pending in the United States District Court for the Middle District of Tennessee, for which sentencing is scheduled for December 2009.

Leah Ignagni

Leah Ignagni was developed as an individual who was possibly also dating McNair. She confirmed the dating relationship and recalled a day, two to three weeks before McNair's murder, when she was leaving McNair's Lea Avenue condo and observed a female inside a black Cadillac Escalade parked outside the building. Ignagni said she noticed the Escalade follow her as she drove to her apartment, which is located in the Gulch area of downtown Nashville. Ignagni said she noticed the same vehicle on several other occasions one to two weeks prior to McNair's murder parked outside her apartment building or circling the block.

Ignagni said McNair came to her apartment at approximately 4 a.m. on July 2 and related to her that a good friend named "Jenni" had been arrested for DUI. Ignagni said late Thursday, July 2, at approximately 10:30 p.m., McNair returned to her apartment and spent the night. Ignagni said when she awoke on the morning of Friday, July 3, McNair had left her apartment. She believes he went to go open his restaurant.

Cell Phone Records

Cell phone records were subpoenaed for persons to include McNair, Kazemi, and Gilliam. Kazemi's cell carrier, T-Mobile, responded that it does not retain text messages sent/received by its subscribers.

McNair's text messaging showed correspondence with multiple females.

Kazemi's text messages to McNair reflected some of the stress she was experiencing over her finances.

*The 2:23 a.m. message, which was received by McNair's phone at that time, appears to be oddly placed and out of sync when considered in totality with the other text messages. While McNair's Blackberry at 2:23 a.m. on July 4 received the last text message originated by Kazemi's cell phone, it is not known specifically when it originated. Inspection of Kazemi's phone (a T-Mobile device) showed the text in question, but there was no reflection of the time of day it was sent. T-Mobile Subpoena Compliance Specialist Melanie Caldwell said neither she nor her associates had any idea why a message that was sent wouldn't indicate a time and date. Ms. Caldwell was asked if there could be a delay of hours before a sent message was received. She said yes, such a delay could be caused by various issues, including server and technical problems. Thus, it is very possible that the message in question was actually sent hours earlier, was delayed due to technical or other issues, and was not received by McNair's phone until 2:23 a.m.

Video footage was collected from various businesses in the area that had exterior surveillance cameras. Most footage was not useful to the investigation, with the exception of video from Blackburn & McCune law firm. That video shows the backside of the Lea Avenue condominium, and did not reflect any suspicious activity or any departure from the area of either McNair's or Kazemi's vehicle during the time period in question.

Fingerprints

All legible fingerprints found in the condo by police department crime scene experts have been identified. The fingerprint work does not alter the murder-suicide classification.

Mr. Gaddy advised he slept in on Saturday (7/04/09) and was still in bed talking on the telephone when he received a phone call (1251hrs) from Mr. Neeley. Mr. Gaddy stated Mr. Neeley told him he found someone shot inside the condo but did not recognize the person. Mr. Gaddy stated he and Mr. Neeley both entered the condo and he recognized the male as Steve McNair. Mr. Gaddy stated he went outside and called 911 (1335hrs.).

At the crime scene a black in color Lincoln Navigator parked outside was registered to Steve McNair and a black in color Cadillac Escalade also parked outside was registered to both Steve McNair and Sahel Kazemi. Inside the condo the bodies of both victims were inside the living room. The female was identified as Sahel Kazemi (a.k.a. Jenni). Steve McNair was seated on the sofa and his body was leaning to his left side. Sahel Kazemi's body was on the floor near McNair's feet with her body between the sofa and the ottoman. Rigor Mortis was set on both bodies and lividity was consistent with the positions of each body. Two bullet holes were observed in the wall above the sofa. One of the bullet holes (wall) had strains of hair and blood. Steve McNair's fingerprint was lifted from a Smirnoff vodka bottle and Sahel Kazemi's fingerprint was lifted from a Daily's water bottle and an AMP energy drink can. Cell phone records were subpoenaed for Steve McNair, Sahel Kazemi and Adrian Gilliam. The records requested included call details, text messages and cell tower information. The text messages between Mr. Gilliam and Ms. Kazemi indicated a more personal and not a business relationship. Mr. Gilliam cell tower information on 7/03/09 was consistent with his last statement. Mr. McNair's text messages indicated he was involved in several relationships with other females. Ms. Kazemi's text messages to Mr. McNair indicated some of the stresses she was having with her finances.

Video footage was collected from various businesses in the area that had surveillance cameras outside in the parking lots. Most were not useful with the exception of the video footage from the camera at Blackburn & McCune. The video footage captures a view of the backside of the condo. The footage did not show any suspicious activity in the rear of the condo.

Subject: McNair Case -- Possibly Important

Dear Deputy Chief Anderson,

I am writing you after having left a voicemail with the Homicide Department this morning early. Please do not dismiss this e-mail without reviewing the content.

This morning, as is my custom, I read my hometown newspaper online, The Decatur (AL) Daily. There was an article (complete with photo) about a local Decatur resident, who met Ms. Kazemi at Dave and Buster's a couple of weeks ago and had quite a detailed conversation with her regarding her apparently fading romance with Mr. McNair.

Your investigators may have spoken with this lady, but I wanted to make sure your people may be aware of this claim, especially if it can possibly help shed some light on the situation from an otherwise apparently disinterested party. The article is below.

Respectfully,

K. Dale McAllister

Hamilton, OH 45013
Cell [REDACTED]

PS -- My eldest daughter is a grad student, living in Nashville (Blair Avenue), so I am interested that the case be thoroughly investigated. Thank you for the work you and your department do and for providing for her safety these last nine years that she has lived in Nashville.

McNair's girlfriend bared soul to Decatur mom before shooting

By Catherine Godbey

Staff Writer

Two weeks ago, a young waitress at Dave & Buster's restaurant in Nashville sought the advice of Vera Mosley Buckner, a day-tripper from Decatur.

"She sat in the booth opposite me and said, 'Have you ever been in love?' That's the first thing she said to me," Buckner said. "She said she was in love."

The waitress, Sahel "Jenni" Kazemi, told Buckner details of her relationship, which would flood the nation 10 days later as reports of Steve McNair's death surfaced.

"She told me she was dating Steve McNair. That was the first time I ever heard that name," Buckner said. "The second time I heard his name, he was dead."

Sahel "Jenni" Kazemi, right, with Vera Mosley Buckner's daughters, Daylon, left, and Michandria, at Dave & Buster's restaurant in Nashville. "They thought she was beautiful and wanted a picture with her," Buckner explained.

Police found Kazemi and McNair dead Saturday in a downtown Nashville condominium. McNair, 35, was a retired professional football quarterback.

The Nashville Police Department ruled McNair's death a homicide but has yet to say whether a double homicide or a murder-suicide occurred, although evidence suggests a murder-suicide. Police discovered McNair with four gunshot wounds and Kazemi with one.

Buckner said Kazemi related to her how she and McNair met at the restaurant and dated for eight months. Buckner said Kazemi shared all the details of the relationship the nation now knows, except the fact McNair was married.

Since the deaths of McNair and Kazemi, the brief meeting with the 20-year-old waitress has haunted Buckner.

Along with detailing how they met and trips they took, Kazemi shared a tale of a downward-sliding relationship.

"She was troubled, even then two weeks ago," Buckner said. "She said, 'Lately it seems like he doesn't want to spend time with me.' She asked for my advice."

In Kazemi, Buckner, a single mother of two who went through a divorce five years ago, saw a reflection of her younger self.

"I almost lost myself in my marriage, and I heard her story of losing herself also," Buckner said.

When reports of the deaths of McNair and, at the time, a 20-year-old unnamed woman broke, Buckner never questioned who McNair's acquaintance was — she already knew.

From that brief visit to Nashville, a barrage of guilt and regret, and a single photograph of Kazemi with Buckner's teenage daughters, Michandria and Daylon, remain.

"They thought she was beautiful and wanted a picture with her," Buckner said. "She's young and beautiful, and no one would think she would have trouble, but she did."

Buckner, who defined the encounter with Kazemi as fate and not coincidence, wondered what she needed to say to reach Kazemi. Why, she questioned, would Kazemi approach her out of all the diners at Dave & Buster's?

"We just decided that day to go up to Nashville. I had never even eaten at a Dave & Buster's before. I had never seen her before," Buckner said. "This is a lesson to never miss an opportunity to listen to someone when they need to talk because you never know who you are talking to." , said she planned to restage her play "Woman, What Are You Worth?," which challenges women to not lose their

To combat her regret, Buckner, who promotes the empowerment of women identities in relationships

The play's first and only performance took place in September 2007 to a sell-out crowd at the Princess Theatre Center for the Performing Arts. Buckner hopes the play will reach women in situations similar to Kazemi's.

Defendant: Adrian J. Gilliam Jr.

Complaint #: 09-527875

On Monday, July 27 at approximately 0940 hours, I attended a proffer interview at the Federal Court House, 801 Broadway on the sixth floor at the request of Assistant United States Prosecutor Phil Wehby. Present at this meeting was the defendant Edward Lee Brown, date of birth September 26, 1968, his attorney, Detective Joe Simonik with the drug task force, and Phil Wehby.

The defendant stated he was transported to the United States Marshals holding area located on the seventh floor of the Federal Court House 801 Broadway on July 24, 2009. The defendant was in this holding area with a male black, one male Hispanic, and another male black that he did not know the name of. The defendant stated this male black (Adrian Gilliam) started talking to him while they were eating, at approximately 0930 to 1000 hours, saying he was the one who sold the gun to the girl that killed McNair. This subject told the defendant he was texting back and forth with the girl and they had been to several clubs together. He did not know what the girl was going to do with the gun and he will not take a polygraph test. He (Gilliam) thinks that he is going to be framed for the murder and he should have, had his hearing.

Phil Wehby advised the defendant if he should be housed with Gilliam again not to ask any question of him about this case, but if Gilliam voluntarily any information to let his attorney know and we would follow up with him.

On 9/10/09 at approximately 0825 hours I contacted T-Mobile Subpoena Compliance Specialist Melanie Caldwell (Law Enforcement Relations) (ph. [REDACTED]). I inquired about my initial request (subpoena) for Sahel Kazemi's text messages and Ms. Caldwell stated they do not save text messages.

I asked Ms. Caldwell about a message "I'm going to the store" in Ms. Kazemi's cell phone that did not indicate a time or date the message was sent. Ms. Caldwell stated the message might have been a saved message and never sent out. I explained to Ms. Caldwell the message was received by Steve McNair's cell phone. Ms. Caldwell then put me on hold to ask others in her department. Ms. Caldwell later came back to the telephone and said no one in her department had any idea why a message that was sent wouldn't indicate a time and date the message was sent.

I asked Ms. Caldwell could a message be sent to someone hours ago before it is received by another person. Ms. Caldwell said yes for various reasons such as a problem with the server or other technical problems.

Record all developments in the case subsequent to the last report. Describe and record value of any property recovered. Clearly show disposition of recovered property and inventory no's. For multiple clearance information, list each case by incident number and respective victim(s). Record crime scene protection information.

On this date at approximately 1400 hours I was notified by Ofc William Kirby that Steve McNair and an unknown female had been shot and were deceased at [REDACTED]. I advised Ofc Kirby that he will be working over on the scene. I notified and called in CST Felicia Evans, advising her of the information that I had at the time. I met CST F. Evans at the 501 and we gathered and transported the Panoscan equipment to the scene.

Upon arrival I was briefed by Detective Charles Robinson. I learned that Mr McNair and a female, believed to be Sahol Jenny Kazemi (later verified), were deceased in [REDACTED]. Mr. McNair was sitting on a couch and was shot at least once in the head. Ms Kazemi was lying on the floor near the couch. One projectile traveled through the wall and was in the neighbor's apartment (apt #3). Officers had secured and cleared the apartment (#4), then backed out of the apartment and were waiting for consent from the owner, Mr. Cardwell. Three citizens, friends of Mr McNair, had been through the apartment prior to police arrival.

Ofc. Kirby had already taken exterior photographs of the parking area and around the building. I directed Ofc. Kirby and CST F. Evans to process the neighbor's apartment and recover the projectile. I setup the Panoscan and conducted a scan of the parking area near the scene. I called and advised Lt. Ryan of the situation.

Upon consent to enter #4, at Lt. Ryan's direction, I directed Ofc. Kirby to vacuum the entry way and around the victims for trace evidence. I also directed Ofc. Kirby to swab the interior doors for DNA evidence. I directed CST F. Evans to photograph the interior scene. I located the incident commander and requested, and received, the supplement specifying the names of the officers that had cleared the scene. Once the trace evidence collection was complete I entered the scene. I observed Mr. McNair sitting on the couch leaned over on his left side. I observed a small wound in his right temple area. Two holes, believed to be bullet holes, could also be seen through his shirt. Ms. Kazemi was on the floor near Mr. McNair's feet, between the couch and the ottoman. Both victims had large amounts of reddish brown staining on them. Two holes, believed to be bullet holes, were above the couch. I observed a cartridge case near the television on the living room floor. A second cartridge case located on the dining room floor. Three addition cases were located in the living room corner behind an end table near the couch.

I setup the Panoscan and conducted a scan of the living room area of the apartment. I cleared the weapon found under Ms. Kazemi's body. Seven rounds were located in the magazine; one round was in the chamber of the weapon. I assisted in locating two projectiles from inside the couch. I assisted in locating the projectile from the wall. I processed the door leading to the garage for latents. I secured and left the scene at 2355 hrs.

I received a call from Sgt. Nicholson on 7/4/09 at approximately 2050. He asked that I report as soon as possible to a shooting death call at [REDACTED]. I arrived at approximately 2210. Upon arriving, I was directed by Lt. Ryan to process the back storm door, back door, and kitchen counters for latent prints. I did so, and I collected latent prints from the door. I then processed the front door and storm door and collected additional latent prints from the front door. I also processed the garage door opener pad in the downstairs garage and the exterior of the refrigerator. I did not collect latent prints from those surfaces.

I arrived at the scene at approximately 1400 hours. Myself and Officer Kirby did a walk through with Officer Sullivan and Detective Anderson. I observed two subjects in the living room. Both apparently deceased. The male subject was on the couch with what appeared to be gun shot wounds to chest and head. The female subject was on the floor in front of the couch deceased. I saw a spent casing somewhat near the inside front entrance. I also saw some casing(s) behind the right side couch end table. Myself and Detective Anderson did a walk through the upstairs area. I observed nothing unusual in the up stair living area. I observed no signs of struggle though out the residence. I also observed no forced entry or items ransacked. I was shown a bullet strike by the next door neighbor. At least one bullet entered his apartment and landed on the floor near his reclining chair. I did not see any other strike marks.

I reported my assessment of the scene to Sergeant Nicholson. I did not assist with the processing of the scene.

I vacuumed the front doorway leading into the apartment (inside and outside) prior to entering the apartment. I also vacuumed the area around both victims for possible evidence prior to processing the scene. I swabbed, for possible DNA evidence, the interior door handles leading to the deck, garage and front door. A 9mm casing was noted on the floor of the living room just inside the front door. Another shell casing was located on the dining room floor coming from the living room. The victims were found in the living room in the area on the couch. Two projectile strikes were noted just above and behind the couch. The male subject (later identified as McNair) was in a sitting position on the couch. The male victim (McNair) had two gunshot wounds to the chest and one gunshot wound to the head. The female subject (later identified as Kazemi) was laying on the floor at the feet of McNair and had what appeared to be a gunshot to the head. A pair of black sandals were also noted on the floor near the couch along with a set of keys on the couch. A leather type purse was at the feet of the female subject. Another purse was located in a small bathroom adjacent to the living room.

The victims were discovered by a friend (Wayne Neeley) who also had access to the apartment. There was no sign of forced entry to any door. Three more shell casings were located behind a table at the end of the couch. At this time a weapon was not visible but later found when the female subject was moved. A pistol (9mm Jennings) was later found beneath the female victim. Once the scene was photographed and processed the medical examiners office was notified.

I was requested to make a crime scene diagram of the scene. The apartment had three floors and all floors were diagrammed. The evidence was labeled with markers and measured into the diagram prior to collecting the evidence. The female victim had an entry and exit wound to her head. The projectile recovered from the adjacent apartment (apt#3) was believed to have exited the female subjects head and entered the wall behind the couch (strike#1). The projectile strike had what appeared to be blood and hair around the strike. A sample was collected of the hair and blood. A projectile was recovered from the wall behind the couch to the left of McNair (strike#2). Two projectiles were recovered from the couch.

An NFL playbook was discovered during a search of the dining room area and was recovered for safekeeping at the request of Lt. Taylor.

Det. Roland requested ID collect weapons from the vehicles of two subjects that also had access to the apartment. I collected a .32 Keltec pistol s/n 93181 with 7rds from Mr. Neeleys 2005 Nissan Titan and a 9mm Desert Eagle s/n 31317914 with 15rds from Mr. Robert Gaddy's 2005 Infiniti.

Once all of evidence was collected from the scene, I transported the evidence to the ID office for processing.

On 7-9-09 at approximately 0815 hrs. I collected two carpet pieces from the basement garage area that were cut from the crime scene by cleaning personnel. Det. Norris Tarkington was present and directed me to the location of the bags. I removed the carpet pieces and transported them to the ID lab for drying purposes.

I was called out to assist in the investigation of a 10-52/10-64 at [REDACTED]. While en route, I talked with Sgt. Nicholson and suggested that he have someone document all entry points, do vacuuming from the main entry door up to and surrounding the victim's and to collect Dna swabbings from all interior door handle and any other suitable surfaces. He advised they were waiting consent and would start when that was obtained.

I arrived on the scene at approximately 1715 hours and met with Sgt. Nicholson who informed me that the consent had just been obtained and that the processing had begun. After all Dna swabbings and vacuuming had been done, I entered the scene. Upon entry, I immediately observed the victim's to my left on the couch and floor in front of the couch. I saw a spent cartridge case on the living room floor in front of the TV and another on the floor in the dining room. Around the victims there was a lot of what appeared to be blood on the furniture and floor.

A brief walk through of the residence showed nothing other than normal living conditions. There were no apparent signs of any struggle nor any signs of forced entry.

While awaiting the arrival of the Medical Examiner, I discussed with Don Aaron the need to have all photos from this scene to be placed under restriction due to the nature of the victim and the media coverage.

I assisted in taking measurements for diagrams inside the residence on the main floor and in looking for additional evidence. I assisted in the recovery of one projectile from the interior wall.

See individual technician's reports for their involvement in this investigation. See property sheets for evidence collected.

At approx. 1030 hours this date I was contacted by Lt. Pat Taylor of the homicide section. He advised that the weapons involved in this incident were needing to be picked up by detectives so that they could be transported directly to the TBI lab for processing.

I went to the secured lab and located all firearms evidence awaiting processing in this case. I prepared the evidence from inside Apartment 4 for transport by placing both evidence security strips and bio-hazard strips on all packaging material. My initials, "DR", were placed on the edges of the security tape. A property slip was completed and the evidence was turned over to Det. Charles Robinson at 1205 hours 7/6/09.

Other firearms evidence that was collected outside of Apartment 4 was already packed with property slip attached. These items were transferred as well at the same time.

7/04/09 1515 hours

I arrived on the scene to assist Ofc. Bill Kirby and was briefed by Detective Charles Robinson as to what was known at the time. McNair and Kazemi were found deceased inside the living room of apt #4, both with apparent gunshot wounds. At least three people, Wayne Neeley, "Gaddy," and "Rob" had been inside the residence after the shooting incident and prior to police arrival. I learned that a projectile had traveled through the living room wall of apt #4 and came to rest on the living room floor of apt #3. I then spoke with the resident of apt #3, Mr. Kent Williams () who gave verbal consent to enter and process his living room area. The projectile entered through the corner of the west living room wall and came to rest on the floor beside a chair. I made a rough sketch of the living room and took measurements for a diagram to be completed at a later time.

I was advised by Ofc. Kirby that photographs had already been taken of the exterior of the scene to include the parking lot and all vehicles in the vicinity. I took additional photographs to document the condo exterior, rear gated courtyard and all doors and windows. It should be noted that the back door in the dining room was found unlocked as was the door leading to the garage. I learned after speaking with Detectives that Mr. Neeley advised the front door was locked and he had to use his key to make entry upon his arrival. No forced entry was evident on any doors or windows into the residence. I then entered apt #4 to photograph the interior. I observed McNair sitting slumped to his left side on the couch. He appeared to have a gunshot wound to the right side of his head and two additional gunshot wounds to his chest. Kazemi was lying faced down on the floor at McNairs feet in a pool of what appeared to be blood. Her arms and hands were tucked underneath her body. A 9mm cartridge case was located on the living room floor near the television and a second 9mm cartridge case was found on the dining room floor. Two projectile strike marks were present in the wall behind the living room couch. Photographs were taken documenting all evidence that was known at the time. I also took pictures of the garage, which included a trash can full of alcohol bottles, and the two upstairs bedrooms. Nothing remarkable was found in the first bedroom. An "Amp" energy drink can and "Dailey's" water bottle were present on the night stand in the rear bedroom and were collected as evidence.

Once the residence interior was documented, I searched drawers and closets for any additional evidence. Three cell phones were found in the living room end table drawers along with a Baltimore Ravens playbook. The phones were photographed and released to Detective Danny Satterfield at 1950 hours. The playbook was collected to be secured in the property room. Three additional 9mm cartridge cases were found behind the end table and were photographed, marked, and collected as evidence.

Record all developments in the case subsequent to the last report. Describe and record value of any property recovered. Clearly show disposition of recovered property and inventory no's. For multiple clearance information, list each case by incident number and respective victim(s). Record crime scene protection information.

The medical examiner, Dr. Feng Li arrived on the scene to examine the victim's bodies. I took several photographs documenting the position of the bodies as well as the location of the gunshot wounds. A pistol was found underneath Kazemi's body near her hands. I collected the weapon, a Jennings 9mm (1482176), photographed, and assisted Sgt. Nicholson in downloading it. A 9mm cartridge was located in the chamber and the magazine contained seven (7) 9mm cartridges. After closer examination of Kazemi's body, a gunshot wound was located in her head. Once McNair's body was removed from the couch and examined it was learned that both shots to his chest had exited into the couch. The gunshot wound to his head did not appear to have exited (pending further examination and autopsy).

After the victim's bodies were removed from the scene, I inserted trajectory rods into the two strike marks present in the living room wall. I then used a laser to show the approximate path traveled by the projectiles. Photographs were taken to document the possible trajectory. The couch was then searched for ballistic evidence. Two strike marks were found in the middle back cushion and two projectile were recovered from the couch interior (see photographs). Sections of the living room wall around the strike marks were cut out and removed to search for the final projectile. It was recovered from the strike mark nearest the front door. What appeared to be strands of hair and blood spatter was located above the strike mark nearest the dining room. The hair was collected and a swab was made of the spatter material.

Two purses were present inside the residence. One in the downstairs bathroom and the other from under Kazemi's feet. Both were collected as evidence. I also collected beer bottles from the kitchen trash can and garage trash can. A key to a Cadillac vehicle was found on the couch and a pair of black flip flops were located next to it on the floor. Both were collected as evidence. Once all evidence was collected, I took pictures of all damage caused from processing. A photo was also taken of the Biohazard warning that was posted on the front door. I then departed the scene at 2340 hours to return to the ID office and complete paperwork related to this case. All evidence was secured in the ID lab for additional processing and all photos were downloaded to the Homicide file.

Examination and test firing of Exhibit #1a (Bryco Pistol) revealed it to be in normal operating condition with the safety features functioning. An image of the bullet from test firing Exhibit #1a was not entered into NIBIN because of the lack of sufficient markings. An image of the cartridge case from test firing Exhibit #1a was entered into the NIBIN system. No associations were made at this time; however, searches will be conducted periodically as new images are entered into the database.

microscopically examined in conjunction with the five Cartridge Cases in Exhibit #7a, Exhibit #4a (Bullet), Exhibit #7b (Bullet), Exhibit #7c (Bullet), Exhibit #7d (Bullet), and Exhibit #7e (Bullet). Based on these comparative examinations, it was determined that:

A) The five Cartridge Cases in Exhibit #7a had all been fired in Exhibit #1a (Bryco Pistol).

B) Exhibit #4a (Bullet), Exhibit #7b (Bullet), Exhibit #7c (Bullet), Exhibit #7d (Bullet), and Exhibit #7e (Bullet) had all been fired through the barrel of Exhibit #1a (Bryco Pistol).

The areas surrounding the two holes in the front panel, and the two holes in the rear panel of Exhibit #14a (Gray 'Murano' Golf Shirt) were examined microscopically and processed chemically for the presence of gunpowder and lead residues, and a pattern of residues was found surrounding each of the two holes in the front panel. Test patterns were produced at various distances using Exhibit #1a (Bryco Pistol) and ammunition like that represented by the five Cartridge Cases in Exhibit #7a, Exhibit #4a (Bullet), Exhibit #7b (Bullet), Exhibit #7c (Bullet), Exhibit #7d (Bullet), and Exhibit #7e (Bullet). Based on these comparisons, it was determined that a pattern of residues like those found surrounding the two holes in the front panel could be produced at muzzle-to-garment distances of greater than two feet (2'), but less than four feet (4').

The areas surrounding the two holes in the front panel, and the two holes in the rear panel of Exhibit #14d (White Sleeveless Undershirt) were examined microscopically and processed chemically for the presence of gunpowder and lead residues, and a pattern of residues was found surrounding each of the two holes in the front panel. Test patterns were produced at various distances using Exhibit #1a (Bryco Pistol) and ammunition like that represented by the five Cartridge Cases in Exhibit #7a, Exhibit #4a (Bullet), Exhibit #7b (Bullet), Exhibit #7c (Bullet), Exhibit #7d (Bullet), and Exhibit #7e (Bullet). Based on these comparisons, it was determined that a pattern of residues like those found surrounding the two holes in the front panel could be produced at muzzle-to-garment distances of greater than two feet (2'), but less than four feet (4').

For exhibit numbers 01-a, 07-f, 07-h, 10-a, 10-f, 11-a, 14-f, 14-g, 15-a and 16-a, deoxyribonucleic acid (DNA) was isolated and analyzed through the polymerase chain reaction (PCR) technique at the following short tandem repeat (STR) loci: D3S1358, vWA, FGA, D8S1179, D21S11, D18S51, D5S818, D13S317, D7S820, TH01, TPOX, CSF1PO, D16S539, and the gender marker amelogenin.

For exhibit numbers 07-a, 07-c, 07-d, 07-e, 07-g, 21-a, 21-b and 21-c, deoxyribonucleic acid (DNA) was isolated and analyzed through the polymerase chain reaction (PCR) technique at the following short tandem repeat (STR) loci: D3S1358, vWA, FGA, D8S1179, D21S11, D18S51, D5S818, D13S317, D7S820, and the gender marker amelogenin.

01-a Swabs from muzzle, grips, backstrap and slide: Presumptive tests indicated the presence of blood. Further tests indicated the presence of human DNA.
The DNA profile matched exhibit# 10-a (Sahel Kazemi). The probability of an unrelated individual having the same DNA profile from either the African-American, Caucasian, Southeastern Hispanic or Southwestern Hispanic populations exceeds the current world population.

14-f Back left waist (belt positioned in loops): Presumptive tests indicated the presence of blood. Further tests indicated the presence of human DNA.

The DNA profile obtained was a mixture of genetic material from two individuals. Exhibit# 11-a (Steve McNair) matched the complete profile of the major contributor and exhibit# 10-a (Sahel Kazemi) was consistent with the partial profile of the minor contributor.

14-g Front left thigh: Presumptive tests indicated the presence of blood. Further tests indicated the presence of human DNA. The results are the same as exhibit# 01-a.

15-a Back left: Presumptive tests indicated the presence of blood. Further tests indicated the presence of human DNA. The DNA profile matched exhibit# 11-a (Steve McNair). The probability of an unrelated individual having the same DNA profile from either the African-American, Caucasian, Southeastern Hispanic, or Southwestern Hispanic populations exceeds the current world population. An additional allele consistent with the subject was noted at D5S818.

Re: McNair Evidence

Dear Mr. Pitre:

Your letter to Director Gwyn has been forwarded to my office for a response. The Metro-Nashville Police Department submitted evidence to the TBI Crime Laboratory for DNA analysis in this matter. Once our analysis was complete the evidence was returned to that department, and TBI did not retain any of it.

The blood was taken by the Medical Examiner's Office and sent to an outside laboratory. It was never in the TBI's custody.

I hope this addresses your concerns. Please contact me if you have further questions.

Sincerely,

Jeanne Broadwell

MARK GWYN
DIRECTOR

Dear Chief Serpas,

This is a written correspondence to reiterate our discussion about the gunshot primer residue (GSR) kits taken from Sahel Kazemi and Steve McNair. The forensic examination of these kits was processed by myself at the Tennessee Bureau of Investigation Crime Laboratory using standard operating procedures.

The results of the instrumental analysis are as follows:

- Ms. Kazemi's kit was inconclusive. Trace levels of antimony, barium and lead were present on her left palm only. There are certain levels and ratios of the elements to each other necessary to report that elements indicative of GSR were present. Because these criteria were not met, the results were reported as inconclusive. These results cannot eliminate the possibility that Ms. Kazemi could have fired, handled or was near a gun when it was fired.
- The elements indicative of gunshot primer residue were not present on Mr McNair's kit. These results cannot eliminate the possibility that Mr McNair could have fired, handled or was near a gun when it was fired.

These kits consist of cotton swabs, which are used to collect GSR from the palms and backs of the person's hands. Gunshot primer residue is extremely fragile evidence and can be easily displaced. It should be noted that the swabs in Ms. Kazemi's kit were completely saturated with blood. Although, blood does not interfere with the analysis, a large amount can remove the residue from the hands. Blood was not present on the swabs in Mr. McNair's kit.

Respectfully,

Laura J. Hodge

Here is a rough draft timeline for the GILLIAM/McNair/Kazemi investigation. Lets get together on Monday if you have time and make additions/changes, etc. I would like to add a estimated time of death to the chart. We can also add pictures or make a separate chart outlining map locations of the specific locations in comparison to GILLIAMs phone call locations if we receive them via the subpoena.
